That must be they youths we heard  
about the past couple of nights.

POLICE OFFICER 2  
Well they've started running now.

POLICE OFFICER 1  
Aye, maybe so but we've got a van.

The police catch up with them and accidentally run Yellow  
over. Police Officer 1 steps out the van.

POLICE OFFICER 1  
You stay here, they'll think I'm  
with you.

Police Officer 2 gets out the car and starts first aiding  
after putting his phone in his pocket.

The youths being chased by Police Officer 1 get chase back  
to where they were at first.

At that moment an ambulance comes and takes care of Yellow.

JESTER  
There's a van opened at the back  
lets hide in there they'll never  
catch us that way.

What they don't notice is that's the police van that's after  
them.

They jump in to the van and close the door.

Police Officer 1 notices this and locks it from the outside  
and drives off to bang them to rights.
